

## 2023 SUBSCRIPTION PRICING

### Included with every annual subscription

- 12-month licenses
- **Unlimited teacher access**
- Product upgrades provided at **no additional cost** during subscription period.

### License Types (Licenses can coexist within the same subscription)

#### Flexible License

- **\$200 annually, per seat**
- Licenses are not tied to a specific student and give the flexibility to track different students in the seats daily.
- Supports tracking and monitoring in Tier I & II, as well as FBAs and other assessments where more flexibility is needed.

#### Dedicated Student License

- **\$100 annually, per student**
- License is tied to one student for daily, consistent tracking for one student.
- Supports identified students with specific educational plans.

### mytaptrack Devices

- mytaptrack® **clicker (patent-pending)** - \$60 per device \*
- mytaptrack® **mobile app** – Included with every subscription
- mytaptrack® **browser tracker** – Included with every subscription

### Training and Support (included in the licensing costs)

Live Virtual Training Session (60 mins) – valued at \$150 per session

Unlimited Implementation Support (per site) – valued at \$200 per subscription term

### Subscription Examples

- A school district has the need to track the 31 students across 3 campuses. They are tracking these same 31 students each day based on their IEPs. They would require a **Dedicated Student License** for 31 students.
  - $\$100 \times 31 = \$3100$  list price
- A school would like to track the same 18 students daily based on their educational plans but also assess a larger group of students for a PBIS initiative in groups of 10 students weekly. They would require a **Dedicated Student License** for 18 students and a **Flexible License** for 10 students.
  - $\$100 \times 18 = \$1800$
  - $\$200 \times 10 = \$2000$
  - Total = \$3800 list price

\*Shipping and handling may not be included.
